CERTIFICATES FOR 144 AS 26TH SCHOOL CLOSES

One hundred forty-four received certificates for successfully completing the courses at the close of the 26th annual Adams County Leadership Training School Monday evening at St. James Lutheran Church.

One hundred seventy-five had originally enrolled in the school. The 144 were those who attended at least 10 of the 12 weekly sessions. Because of the large number, no formal ceremony was held for the presentation of the certificates. Each of the six teachers handed out the certificates to the students in his particular class. Following the final instruction meeting the entire group gathered for refreshments in the social room of the church. Dr. Harvey Hoover, formerly of the seminary faculty, told the group: "It is not difficult to be a leader. A leader is one who devotes his life to the people, whose entire life is lived amidst the people, but who seeks to help and serve those about him, and lead them in proper ways."

"A leader is one who studies and grows continuously through his daily devotional life and tries constantly to help increase the spiritual life of others."

An electric line broke near New Oxford and left residents in that area without power for almost two hours beginning at 1:35 a.m. during a severe wind and thunderstorm Monday. Many homes also were cut off in scattered areas as other lines were downed by the wind.

The high winds not only unroofed several barns in the East Berlin area but ripped out rafters from one barn and dislodged two rows of concrete blocks of another farm building.

Rafts said to be two inches by six inches were ripped loose along with more than a third of the 85 by 50 foot dairy barn on the farm of Keith Zeigler, East Berlin R. 2, about two miles west of East Berlin.

Here And There News Collected At Random

A total of \$260,500 is being spent this year by various Pennsylvania organizations in an effort to attract tourists and vacationers, according to a survey recently completed by the Research Department of The Curtis Publishing Company. Pennsylvania State Department of Commerce is spending \$186,000; Convention and Visitors Bureau of Chamber of Commerce of Greater Philadelphia, \$30,000; and the Pocono Mountains Chamber of Commerce and Vacation Bureau, \$44,500.

With the tourist and vacation industry being many times larger than it was before World War II, the report asserts, annual "sales" are now reckoned in billions of dollars. This money will be spent by Americans to satisfy their desire to see new places, to meet new people, and to have fun in their growing amount of leisure time.

The Curtis survey, entitled "State Area and Community Advertising and Promotional Expenditures in 1953," is based on a study of 242 state, area, and community groups located in all parts of the United States. The report, the seventh annual survey on the subject, shows in detail the amount currently earmarked for advertising and promotional purposes by these groups. Their expenditures to attract industry are also shown in the report together with a summary by states and regions of all tourist, vacation and industrial advertising and promotional expenditures.

THREE SCOUTS ARE PRESENTED EAGLES AWARDS

Scoutdom's highest tribute—the Eagle badge—was bestowed on three Scouts at a Black Walnut District "Court of Honor" advancement ceremony held Monday night in the Gettysburg High School auditorium. Before an audience in excess of 100 scouts of varied degree, parents, scoutmasters, and den mothers, Frank Ehlman, Biglerville; Dave Harmon, Heidlersburg, and Robert H. Bondurant, Fayetteville, were presented the coveted Eagle badge by Col. Charles E. Fulton, head of the Gettysburg Air Force ROTC program.

In each case, the mother of the honored Eagle scout was called on to perform the pinning ceremony before the Scout Candelabra which signifies the scout oath and scout law.

Ehlman joined Post 71 in July, 1948; Bondurant, member of Post 88, joined his organization in January, 1950, and Harmon, another Post 71 representative, was received into scout membership in May, 1949. Each of the new Eagles earned 21 merit badges and, according to Colonel Fulton, "not only worked for his awards, but learned and took to heart his principles."

Wins Leg On Plaque

Scout Post 79 gained the initial leg of three required to retain permanent possession of a plaque which will be awarded annually to the troop or post represented by the largest number present in uniform, and the largest number of parents attending the "recognition night" services.

Following the pledge of allegiance, scout oath, and scout law which marked the opening of "Court of Honor" rituals, Atty. Edward B. Bullett honored all 1953 Tenderfoot advancements by pinning a badge on a representative Tenderfoot, Robert Zhea, Troop 73.

"The days of the red men have passed, but his spirit lives on in the hearts of all scouts," M. Sgt. Elmer J. Johnson said as he awarded Second Class Scout badges to nine of 15 scouts of this degree who became eligible during the year.

Addressing the fledgling Second Class Scouts, Johnson said: "You have proved that, like the Indian youth, you can live in the great outdoors. This rank represents to you what weapons did to Indian braves. We place no weapons in your hands, but the honor of upholding the traditions of scouting rests as securely on your shoulders."

TWO ARE FOUND GUILTY; FINAL CASE ON TRIAL

The Adams County Court is scheduled to wind up its November jury trials this afternoon with sentences for a number of defendants who have pleaded or been found guilty since Saturday's regular session of sentence court.

John J. Routsong York, was found guilty of driving while under the influence by a jury which deliberated 35 minutes Monday afternoon.

This morning another jury took ten minutes to find Joseph E. Brown, East Berlin R. 2, guilty of pointing a firearm. Brown's wife, the prosecutor in the case, said she had walked the three miles from their home to East Berlin to obtain treatment from a doctor when her husband left without her; that later she saw him in East Berlin and he failed to mention driving her home. She was walking home when a neighbor picked her up to drive her to her home, she said. Before they reached the home, Brown, according to his wife, stopped the car, and threatened her with a rifle when she refused to get out of the vehicle.

Moonshine Under Her Bed

Brown told the jury he did not know his wife planned a visit to the physician, said he stopped the car to find out what was going on, and got a rifle out of his car, "to scare her," when she refused to get out of the vehicle. He claimed he did not point the rifle at her, but said he was holding it parallel to the car while talking to his wife. He admitted to using some profanity in the course of his remarks.

Walter Pavlock, Flora Dale, charged with malicious mischief and whose case was the last scheduled for the trial list, entered a plea of nolle contendere to the charge this morning.

WORLD WAR I VET TAKES HIS LIFE WITH GUN

Grant Davis, Greenstone, between 50 and 60 years of age, committed suicide by using a 16-gauge shotgun this morning, Dr. C. G. Crist, county coroner, reported at noon today.

Death occurred at about 6 o'clock, the coroner said. The body was found about 10 o'clock this morning, in Davis' one-room shack in Hamiltonban Twp., by a Troy laundryman who stopped there to collect clothing to be cleaned.

He reported the death at the M. W. Wills Store in Greenstone, where the proprietor called the coroner and state police.

Lived Alone

Police and the coroner said Mr. Davis, a World War I veteran, had suffered a stroke several years ago and was unable to use his right arm. He was a pensioner from the army. Prior to his stroke he was a general mechanic and handyman in the Greenstone area.

Police said he was reported by neighbors as becoming despondent after the stroke when he found himself unable to carry out his accustomed tasks. A bachelor, he resided alone in a one-room 10 by 20 foot shanty at Greenstone. He is survived by two sisters and a half-brother residing at Hagerstown. The body was turned over to the Allison Funeral Home, Fairfield.

The coroner and police said Mr. Davis had braced the shotgun between the rungs of the back of a kitchen-type chair, and had seated himself sideways on the chair with his left arm over the back of the chair and his finger on the trigger. He had apparently turned his head to the side so that the shotgun barrel rested against his forehead.

Miss Bettie Livermore, secretary of the Adams County Child Welfare Services, was the speaker at Monday's session. She told the group that the greatest need "of Child Welfare Services is community interest. The paid workers of Child Welfare can carry on a portion of the work, but community interest is needed to make the program a complete success. First there must be people willing to permit their homes to be used as foster homes. The greater the number of foster homes available the better the service that can be given to the children. If we have a great number of homes from from to those we can select the best for each child, sort of individually fit him to the type of home he needs. In addition there are Christmas gifts and similar articles provided to the children through the interest of the community at large."

Refreshments were served following the meeting by Mrs. Frederic E. Griest and Mrs. Wilmer Bream.

"THE YES MAN"

Working in our giant office ... is a man known to us all ... for he's what we call a yes man ... who says yes when given call ... he's the boss's main informer ... for he tells him everything ... and when something shady happens ... he's the first to chirp and sing ... I have never heard him question ... what the head man had to say ... and it seems to me his code is ... to say yes and then obey ... he is crafty also shifty ... as he always seems to weather ... every ridicule or test ... but with all his suave and cunning ... I suppose he hurts within ... for he cannot be regarded ... as a man who's genuine ... and someday not too far distant ... he will find he's in a mess ... for when looking for a true friend ... not a soul will answer yes.

Thanksgiving

As the colors of Autumn stream down the wind, scarlet in sumach and maple, spun gold in the birches, a splendor of smoldering fire in the oaks along the hill, and the last leaves flutter away, and dusk falls briefly about the worker bringing in from the field a late load of its fruit ... we are stirred once more to ponder the Infinite Goodness that has set apart for us, in all this moving mystery of creation, a time of living and a home.

a majority of the community stores will remain open all day on Wednesday, and some will also be open that evening for the convenience of the holiday shoppers. The stores will be closed all day on Thanksgiving Day. Regular store hours will be observed the remainder of the week.

The Littlestown State Bank, Littlestown National Bank and the State Liquor Store will be closed on Thursday in observance of the holiday.

The local post office will be closed on Thanksgiving Day and there will be on regular deliveries or window service. Mail will be received and dispatched as usual, but only special deliveries and perishables will be taken to their destination, according to an announcement made by Clarence L. Schwartz Sr., Littlestown postmaster.

Mrs. H. D. Hammer, a missionary on furlough from Argentina, was the guest speaker for the annual thank-offering service in St. Paul's Lutheran Church on Sunday at 10:30 a.m. The speaker was introduced by the pastor, the Rev. Maryland Takes Over Top Spot In College Football After Displacing The Irish

NEW YORK (AP)—Maryland was undisputed master of college football for the first time this season today after pushing Notre Dame off the top rung.

The Terps, the only undefeated, untied major team in the country, took over first place in the weekly Associated Press poll of sports writers and sportscasters in emphatic fashion, polling 2,347 votes to 2,009 for second-place Notre Dame.

The Irish had been No. 1 in the AP's preseason poll and in all subsequent AP polls until they were held to a 14-14 tie by Iowa Saturday.

First Time For Tatum

Maryland, which finished its 10-game season by routing Alabama 21-0, picked up 154 first-place votes of the 254 ballots cast. The points are awarded on the basis of 10 for first, nine for second, and so on.

Notre Dame, which now shows a 7-0-1 record, gained 47 first-place votes. The Irish still must play Southern California and Southern Methodist.

This is the first time in history Maryland has been able to reach the top of the AP poll. Coach Jint Tatum's teams have been in the runner-up spot many times, but were rated only No. 9 in the preseason survey.

Other Top Teams Same

The rest of the top five remained the same as last week. In order, they were Michigan State, Oklahoma and UCLA. Illinois moved up from seventh to sixth while Texas dropped to seventh.

The biggest jump, as might be expected, was made by Iowa, which climbed from 20th to No. 9. Rice took over No. 8 and Georgia Tech, which will play in the Sugar Bowl, No. 10.

Wisconsin, which could do no better than tie Minnesota 21-21, and Southern California, defeated by UCLA, fell from the top 10.

SOUTH LEARNS ABOUT BULLETS

Loyal Gettysburg College graduates are boasting far and wide of this year's classy Bullet football team which ended its season Saturday with a 40-21 over F. and M. for an 8-1 record.

The following item appeared in Bill Keefe's column "Viewing the News," in the November 20 edition of the Times-Picayune, Biloxi, Miss., and was sent here by Vernon S. Myers:

"Though few of us have heard much about Gettysburg since reading about Pickett's charge there, there are many loyal followers of Gettysburg College who will charge to the front for their school when it comes down to football records—especially this season.

"R. Kirk Moyer, local insurance man, is a proud grad of Gettysburg and he doesn't like to see almost every team in the nation being praised for a fine record, with Gettysburg left out.

"Gettysburg has lost one game this season—a 19-10 reverse by Delaware; it could have been bad luck. The Monday Morning Quarterback gives Delaware a rating of 79.3; Tulane is rated 73.3, Gettysburg 67.

"After the Delaware game (which could have been one of those things), Gettysburg beat Western Maryland 64 to 7, beat Albright 27 to 0, Lehigh 22 to 7, nosed out Muhlenberg 20 to 19, bounced back and trounced Lebanon Valley 60 to 19, shellacked Dickinson 32 to 0 and then shuffled on Bucknell 26 to 13. Total points 240 against 84 for the enemy.

"That's a fine record. No wonder an alumnus is proud of it, especially since his adopted alma mater, Tulane, hasn't given him too much to cheer for this season. He is still loyal to Tulane and, of course, to Gettysburg. He says his school would like to play the Delaware game over.

"Strange as it may sound, though, Gettysburg is not looking for a bowl bid and never expects to crash big-time football. All it wants is a slap on the back for its fine season, alumnus Moyer says, adding:

"Incidentally, Gettysburg college, with its enrollment of approximately 1,500 students, boys and girls, is the largest Lutheran college in the United States. It was founded in 1832.

"Shortly thereafter the beautiful 'old dorm' was built and is still in use after several renovations. It was from the cupola of this building that Gen. Robert E. Lee observed the first day's battle of the Battle of Gettysburg. Today there are many beautiful and fine buildings on the campus. Gettysburg college has the high-class A rating and is a member of the college board, which requires college board entrance examinations."

Sports In Brief

By THE ASSOCIATED PRESS FOOTBALL

LOS ANGELES (AP)—UCLA was selected unanimously to represent the Pacific Coast Conference against Michigan State in the Rose Bowl Jan. 1.

NEW ORLEANS—Georgia Tech accepted an invitation to be host team in the Sugar Bowl game on Jan. 1.

TAMPA, Fla.—Unbeaten La Crosse State College from Wisconsin was chosen to play in the annual Cigar Bowl on New Year's Day.

EAST LANSING, Mich.—West Santee of Kansas ran away with the 15th annual NCAA cross-country championship with a time of 19:43.5 over the four-mile course and Kansas won the team title.

BOWIE, Md.—Alakatch (\$12.40) won the Eastville Purse at Bowie.

GIARDELLO WINS IN ROUGHHOUSE

BROOKLYN (AP)—Bob Christenberry has mellowed in the two years since he first took over as chairman of the New York State Athletic Commission. Otherwise middleweight Joey Giardello of Philadelphia and Tuzo (Kid) Portugal would be under suspension today for their rough-house brawl at the Eastern Parkway Arena last night.

Giardello, the No. 3 middleweight contender, won the turbulent, telecast 10-round by unanimous decision in a scrap marred by continuous fouling. Practically every rule in the book was broken.

Each fighter was penalized a round—Portugal the fourth for butting and low blows and Giardello the ninth for low blows—but the only person suspended was Jack Friday, Portugal's heavy-set trainer. Friday climbed onto the apron of the ring during the wild fourth round and was suspended on the spot and barred from the corner by Christenberry.

When Christenberry first took over his post in 1951 his first fight was the four-packed bout between Willie Pep and Sandy Saddler. Christenberry revoked Pep's license—it was later restored—and suspended Saddler for an indefinite period. This was the roughest fight since then.

Open Hunting In West Virginia

CHARLESTON, W. Va. (AP)—West Virginia woodlands were opened to hunters today for the first time since Nov. 5—but conservation Director Carl J. Johnson asked the cooperation of sportsmen in preventing forest fires.

The forests were opened at 10 a. m., 24 hours after Johnson issued the order. The delay was provided in a 1953 legislative act which gave Johnson more powers to act when forest fires threatened.

Seasons on squirrel, turkey and grouse were closed on the scheduled opening day, Oct. 1, because of forest fire danger. They were reopened Oct. 29 but closed again Nov. 5 when fires regained intensity.

Athletics Rename Tadley As Trainer

PHILADELPHIA (AP)—Jim Tadley of Collegeville, Pa., has been renamed to his former job as trainer for the Philadelphia Athletics of the American League. Tadley trained the A's for 12 years before he was replaced in 1951 by Packy Schwartz, who was given his unconditional release yesterday.

The A's also released coaches Tom Oliver and Bing Miller. Eddie manager, will retain Wally Moses as a coach. A club spokesman said Joost probably would appoint new coaches at the minor league meeting in Atlanta.

NAVY'S GOAT IS TAKEN BACK TO ANNAPOLIS, MD.

ANNAPOLIS, Md. (AP)—The Navy's goat, like the Army's mules, was under special guard today to prevent a repeat of his kidnapping as the Saturday clash between the two service academies drew near.

Billy XII, Navy's mascot, was returned here from West Point last night, less than 24 hours after it showed up at a cadet meal formation Sunday night.

There were indications the order for Billy's return came from the Department of Defense or perhaps even the White House.

"Higher Than Mike"

Bernard Baruch, elder statesman who was visiting West Point when Billy was unveiled there, carried a report of the affair to President Eisenhower in Washington.

There was another report that Army cadets who rallied outside the quarters of Brig. Gen. John H. (Mike) Michaelis, commandant of cadets at the Point, were told the order to return the goat had come "from higher than Mike" and "from outside the academy."

Billy was accompanied on the seven-hour truck ride back to the Naval Academy by Lt. Col. George W. McIntyre of Binghamton, N. Y., the adjutant at West Point, who admitted to feeling "like a bit of an ass."

Under 24-Hour Guard

Instead of returning Billy to his regular shed under Thompson Stadium, from which he was spirited sometime early Sunday, the mid-dies put the old goat up in a store-room of Bancroft Hall, their dormitory.

Midshipman Clyde L. Dean of Little Rock, Ark., brigade commander, said a "three section watch," a round-the-clock guard to landlubbers, was posted.

At West Point, the cadets also were reported to have doubled the guard on Poncho and Hannibal, their mule mascots, to prevent any Navy retaliation.

MORE THAN 100 AT LUNCHEON

More than 30 Gettysburg College alumni attended the weekly luncheon of the Philadelphia Maxwell Club Monday when Joe Ujobai, Gettysburg's ace halfback, received the Maxwell Award for the second time in two years. According to toastmaster Ed Pollock of the Philadelphia Bulletin, this was the largest alumni delegation ever to turn out from one school in the history of the Maxwell Club, which now is in its 16th year. The luncheon was held in the Warwick Hotel.

Included in the alumni delegation were Ralph W. Hoch, Gordon Whitcraft, Martin Buehler, and C. William Duncan, all members of the Committee on Arrangements; Dr. Thomas Cline, William H. Patrick Jr., secretary of the board of trustees; Dr. William Miller, member of the board of trustees; James Gilliland, Monroe Weiser, C. E. Bilheimer, George Hummel, and Bruce Wharton. Henry T. Bream, Gettysburg College athletic director; coaches John Yovicin and Jack Shainline, and Publicity Director Jim Tarmen accompanied Ujobai to Philadelphia.

In receiving the award before a gathering of more than 100 persons, Ujobai said that none of his records could have been possible without the help of all his teammates and Yovicin and Shainline, "two of the best coaches anywhere."

LANSFORD, Pa. (AP)—Lehigh Navigation Coal Co., has named three new vice presidents and elected all three to the board.

They are Richard C. Newbold of Philadelphia, former director of sales; W. Julian Parton of Lansford, former general manager; and John C. Bollinger Jr. of Lansford, former assistant to the president.

The board resignations of D. C. Helms and Robert E. Hobart also were announced yesterday. Both are retired.

BOBO NEWSOM HAS RETIRED FROM BASEBALL

ORLANDO, Fla. (AP)—Louis Norman (Bobo) Newsom, patriarch of the pitcher's mound, has retired from baseball after 26 years.

Newsom announced at his home yesterday that he had asked for and received his retirement from the Philadelphia Athletics through President Connie Mack.

Ol' Bobo, now 46 years old, started his career with Raleigh, N. C., in 1928 and joined the Brooklyn Dodgers the following season. During his long stay in the majors, he pitched for six American and three National League clubs. He was with the Washington Senators five different times.

Greatest Thrill In Series

He won 20 games for the lowly St. Louis Browns in 1937 and compiled a 21-5 record with the Detroit Tigers in 1940 when they won the pennant.

He said his greatest thrill came that fall when he pitched and won a World Series game for the Tigers the day his father died. Newsom also was with the New York Yankees in 1947 when they won the pennant and World Series.

DODGERS NAME NEW MANAGER

NEW YORK (AP)—Walter (Wally) Alston, manager of the Montreal Royals of the International League, was appointed manager of the Brooklyn Dodgers today.

Alston, 42, succeeds Chuck Dressen, who surprised the baseball world Oct. 14 by resigning shortly after he had piloted the Dodgers to a second National League pennant in a row. Dressen, who quit after the Brooklyn club rejected his demand for a two or three year contract, now is manager and part owner of the Oakland Pacific Coast League club.

The new Dodger manager, a native of Hamilton, Ohio, played only one major league game during his career. That was at first base for the St. Louis Cardinals in 1936.

His 1953 Montreal team finished second to Rochester, but the Royals won the playoffs, then defeated the Kansas City Blues, four games to one, in the Little World Series. The new contract was for one year, a Dodger policy.

DEL WEBB DIVORCED

ELY, Nev. (AP)—The divorce last Sept. 18 of Mrs. Hazel L. Webb from Del E. Webb, co-owner of the New York Yankees and head of a Phoenix, Ariz., construction firm, was disclosed here yesterday by District Judge Harry Watson.

Bullets Receive "Feeler" For Bowl Game January 1

Gettysburg College has received a "feeler" for a bowl football game on January 1, it was revealed today by Henry T. Bream, athletic director.

The "feeler" was sent here some time ago by officials of the Sun Bowl at El Paso, Texas. In answer to the letter, the Bullet athletic director informed the Bowl officials Gettysburg would be interested in a bid.

If a bid is forthcoming acceptance will hinge on a number of factors.

Last year College of the Pacific and Mississippi Southern met in the Sun Bowl.

The Bullets concluded their season Saturday by winning their eighth straight for the best season in local history, 8-1.

UJOBAL GIVEN MAXWELL HONOR

Joe Ujobai, Gettysburg College's ace ball-toter and an outstanding candidate for All-State and Little All-America football honors, was honored Monday at the final weekly luncheon of the Robert W. Maxwell Memorial Football Club in Philadelphia.

Ujobai was honored as the outstanding collegiate performer for his work against Bucknell. It marked the second time, a rarity, that Ujobai received the Maxwell Award. Last year he earned the honors against Western Maryland.

The Bullet flash is the state's top scorer with a total of 107 points and gained 662 yards during the season. His total yardage for three years is 1,640 yards and his point total is 197.

James E. Reese, Valley Forge Military Academy, was honored as the top scholastic performer.

Dr. Robert L. Johnson, president of Temple University, was the luncheon speaker.

Accompanying Ujobai to Philadelphia were Coaches Johnny Yovicin and Jack Shainline, Athletic Director Henry T. Bream and Jim Tarmen, publicity director.

Notre Dame's "Injured" Man Time Out Is Causing Furore

WEST VIRGINIA, TEXAS TECH MAY SEE SUGAR BOWL

By ED TUNSTALL

NEW ORLEANS (AP)—The Sugar Bowl today looked for an opponent for Georgia Tech in the New Year's Day football game after apparently snapping the colorful Engineers from the waiting arms of the Cotton Bowl.

Tech, the 10th-ranking team in the Associated Press poll, accepted the invitation last night as the Cotton Bowl selection committee was meeting in Dallas, reportedly ready to pick Tech.

Speculation on Tech's opponent had Texas Tech and West Virginia on the inside track.

High Scoring Tech

Texas Tech, the nation's highest scoring major team, added to its chances Saturday by walloping Houston 41-21 a week after Houston had whipped highly ranked Baylor 37-7.

West Virginia was scouted by Sugar Bowl officials on the day the Mountaineers dropped their only loss of the season. Despite the loss, Sugar Bowl officials praised them highly.

The possibility of another Southeastern Conference team to face Tech, defending Sugar Bowl champion, seemed remote. Kentucky and Auburn were mentioned earlier as bowl possibilities.

Delay On Cotton Bowl

The Cotton Bowl committee ended its meeting yesterday shortly after Tech's acceptance of the Sugar Bowl bid was announced. Officials said the Cotton Bowl invitation may not go out until after Saturday's games.

Tech, defeated only by Notre Dame and Alabama in 10 games, was hurt by injuries during the latter part of the season. After opening with a lopsided decision over Davidson, Tech was held to a muddy tie by Florida. It added victories over Southern Methodist, Tulane, Auburn, Vanderbilt, Clemson and Duke.

NEW YORK (AP)—Notre Dame caused the "sucker shift" to be outlawed last year and indications today were that the Irish were going to force the rulemakers to wipe "acting" off the books.

In the wake of Notre Dame's 14-14 tie with Iowa last Saturday, officials and coaches had plenty to say about their tactics of forcing the clock to be stopped with seconds remaining in both the first and second halves because of injuries.

If a player is hurt, the clock automatically is stopped. Frank Leahy's boys used this maneuver twice against Iowa, although the players who complained of the injuries seemed to suffer no ill-effects later.

Coach Lou Little of Columbia, chairman of the Coaches' Rules Committee, commented:

"It's being done and has been done for years. Generally it doesn't pay off, but this time it did. I don't think Notre Dame should be criticized. We should change the rule to cover the situation, and if a new rule is impossible we should change the code of ethics."

"I don't think a referee has the right to decide if a player claiming injury is hurt or not. As the rule stands, Notre Dame was within its province in stopping the clock."

Both times the Irish stopped the clock through the injured player times out, they came back to score touchdowns to tie the score.

Kenneth I. (Tug) Wilson, commissioner of the Big Ten, echoed Little's sentiments regarding the referee, as did Asa Bushnell, commissioner of the powerful Eastern Collegiate Athletic Conference.

"An official is not a doctor," said Wilson. "He has to take such matters in good faith. . . . A referee can do nothing but recognize an injured player whether the player actually is hurt or not."

Said Bushnell: "A referee may know he's being fooled, but he can't take a chance when a player claims he's hurt."

at Bellefonte High School and a former athlete at Gettysburg High School and Gettysburg College, will assist at the wrestling clinic to be held at Penn State University on Saturday, December 5. High school players and coaches are invited to the combined wrestling and basketball clinic. Wrestling sessions will be held in the morning starting at 10 o'clock while the basketball sessions will be at 1 p.m.

Sees Limit To Usefulness Of New Law Brownell Would Enact To Make Shy Witnesses Talk

By JAMES MARLOW
WASHINGTON (AP) — Atty. Gen. Brownell obviously hopes that by getting around the Fifth Amendment the government will have better luck unmasking Communists and prosecuting alleged Soviet spies.

He's asking Congress for a law promising some witnesses in certain cases they will never be prosecuted in federal court for any federal crime they confess to congressional committees or grand juries.

This is his attempt to make witnesses talk, whether they want to or not. For, once promised immunity against prosecution under Brownell's proposal, they could be jailed for contempt if they still refused to open up.

Could Be Prosecuted
The plan would work, of course, only with witnesses who thought silence—at the price of jail for contempt—was too expensive. It couldn't budge a man who preferred to talk.

And even though a witness was

promised immunity from trial in federal court for a federal crime, if in his testimony he admitted violating a state law he could later be prosecuted in a state court.

This is the background:
The government and congressional committees have been stymied in their efforts to dig into communism and alleged spy rings by a parade of men and women who have taken refuge behind the Constitution's Fifth Amendment.

Frequent Response
That amendment says no witness in a criminal case can be compelled to give evidence against himself, that is, saying anything which might land him in jail. So many suspected persons have responded to committee questions with:

"I invoke the Fifth Amendment and refuse to answer on the grounds that anything I say might tend to incriminate me."

One witness used it 178 times. A person using this excuse for refusing to answer questions can't be jailed for contempt.

There Was A Gimmick
Long ago, realizing the Fifth Amendment could be used to frustrate investigations, Congress passed a law which said: No witness before a committee can ever be prosecuted in federal court for what he says.

There was a gimmick. His own words could never be used against him. But the government could use his words as leads to evidence and perhaps witnesses against him and so bring him to trial.

But, since it's no crime under federal law to be a Communist, how can a Communist or a person accused of being a Communist claim anything he says may incriminate him?

Threat Of Bars
There is a law, passed in 1940 and called the Smith Act, which doesn't mention Communists at all but simply says people can be jailed for advocating or conspiring forcible overthrow of the government.

Many Communist leaders have been successfully prosecuted by the government under the Smith Act, not on a charge of being Communists but on a charge that, being Communists, they were in conspiracy against the government.

So any Communist before a congressional committee can argue—and Congress won't cite him for contempt for doing it—that once he starts talking about himself he may be talking himself behind bars.

Might Get 'Em To Talk
Under the law Brownell wants Congress to pass in 1954 the at-

ripped from the barn. Damage was not immediately estimated. Zeigler said he had insurance on some of the property.

Raymond Spahr, whose farm is about a half mile from Zeigler's, reported the wind blew down his wind pump, twisting the metal tower as if it were paper. Spahr said he intends to install an electric pump to replace his damaged water system.

It was at Spahr's farm that two rows of concrete blocks were loosened as the wind lashed the two-story concrete block building used as a hog pen and chicken house. The wind unhinged doors and took the slate roof off another building, a combination shed and chicken house which Spahr recently built.

At the farm of Gustaf Ostrom, East Berlin R. 1, Paradise Twp., the wind ripped off doors from the barn and most of the roof. One end of the barn also was blown out.

ABSENT MIDDIE IS DISMISSED

ANNAPOLIS, Md. (AP)—A Naval Academy midshipman who left the academy, traveled across the country and turned himself in at a Wyoming air base, has been discharged, the academy said.

The announcement yesterday said Midm. William N. Dietrich, 19-year-old plebe from Fairlawn, N. J., was discharged "because of unsatisfactory conduct."

He had disappeared from the academy hospital Oct. 20 and a week later turned himself in at Warren Air Force Base, Cheyenne, Wyo.

In announcing the discharge, the academy disclosed Dietrich had gone absent without leave once before but it gave no details. It said only that the first-year midshipman had been in the hospital that time, too.

The secretary of the navy discharged Dietrich on the recommendation of Vice Adm. C. Turner Joy, academy superintendent. The action was made effective Nov. 20 and Dietrich reportedly has left Annapolis.

torney general could promise certain witnesses—he'd pick them—that they could never be tried in federal court for any federal crime they admitted while testifying.

This would remove that gimmick in the present law under which the government could start with a witness' admissions to find evidence on which to try him.

With such a law, Brownell seems to think, he might be able to get some spy suspects to talk about the ringleaders and so start them on the way to trial, which is something he hasn't been able to do yet.

FORMER JUDGE

BARD WILL BE BURIED FRIDAY

PHILADELPHIA (AP)—Funeral services for former Federal Judge Guy K. Bard will be held Friday at St. John's Lutheran Church, Denver, with burial there in Fairview Cemetery.

Bard died of a heart attack at his office here yesterday.

Friends and associates of the 58-year old attorney voiced shock and grief over his sudden death. In Johnstown, State Rep. Hiram G. Andrews, Democratic floor leader, said the death of Bard "removes a wheelhorse of the Democratic party and a citizen whose talents were greatly needed in times like these."

"Judge Bard was a just judge, a man who had experience in public affairs, particularly in Pennsylvania. . . . Pennsylvania will miss him."

"A Great Loss"
Sen. John H. Dent, Democratic leader of the Pennsylvania Senate, declared that Bard's death means "a great loss to the people of Pennsylvania."

Bard, who served 12 years on the bench of the eastern Pennsylvania federal district, was prominently mentioned as a possible Democratic gubernatorial candidate next year. He ran for the U. S. Senate last November and lost to the Republican incumbent, Sen. Edward Martin.

The Ephrata, Lancaster County, bachelor was eulogized by his former associates in Federal District Court here. C. Brewster Rhoads, vice chancellor of the Philadelphia Bar Assn., lauded Bard's "integrity and devotion to duty and country."

Chief U. S. District Judge William H. Kirkpatrick said he was "deeply shocked by his untimely death."

"Old Fashioned Wit"
Mayor David L. Lawrence of Pittsburgh said the state had lost a great official, and former Democratic Sen. Francis J. Myers of Philadelphia declared that Bard had "served his state and his country faithfully and with great distinction."

Judge J. Cullen Ganey of District Court described Bard as having "an old-fashioned wit that gave him the grasp of the human qualities."

Said Judge Thomas J. Clary: "He had intellectual and moral integrity."

MAN WHO STOLE

(Continued from Page 1)

Riley and the other men grabbed Trent, when he stopped his car, and were preparing to take him back to the Blue and Gray and then to the police, if he failed to pay for the gasoline. Trent used a ruse to go around his car and when he reached the back of the car, Riley told police, Trent fired two shots at him. The first went into the ground, the second narrowly missed the service station attendant.

Car Was Stolen
Trent then, according to Riley, ran into some woods and disappeared.

State police began a search for Trent shortly thereafter, continuing the search throughout the night until 6 o'clock his morning. Later this morning the trail was resumed.

Police, checking on the story, found that the car driven by Trent had been stolen earlier in Emmitsburg from Myra Sanders, Emmitsburg.

M'CARTHY WILL REPLY TONIGHT TO HST ATTACK

By G. MILTON KELLY

WASHINGTON (AP)—Senate investigators today pondered FBI summaries of alleged Soviet espionage while, in an offshoot to the Harry Dexter White case, Sen. McCarthy (R-Wis.) prepared a radio-TV reply to former President Truman's blast at "McCarthyism."

New fuel was added to the case, already smoldering with political charges and countercharges, when:

1. A Canadian member of Parliament charged in the House of Commons yesterday that "McCarthyism" in the United States are trying to "blackmail" Canada into releasing Igor Gouzenko for questioning.

Got FBI Data

2. The Senate internal security subcommittee disclosed yesterday that the White House sought and got FBI data on Harold E. Glasser, an alleged Soviet spy, a month before Glasser's 1946 promotion in

the Treasury Department. The charge of blackmail came from David Croll, a member of the Liberal party, which dominates the Canadian government. He said President Eisenhower should repudiate what he described as attacks on Canadian Foreign Minister Lester B. Pearson.

Croll charged, as did the Toronto Star in an article yesterday, that Pearson may be named by the Senate subcommittee as one of several Canadians accused of supplying information to Communists during World War II.

Get Brownell Facts
Robert Morris, subcommittee counsel, quickly said, "No such thing is contemplated." At the subcommittee's request, Atty. Gen. Brownell supplied it yesterday with a memorandum on who got FBI reports and summaries naming Glasser.

Morris told newsmen a question of security is involved. The subcommittee counsel said no more public hearings have been scheduled and the next meeting of the group, headed by Sen. Jenner (R-Ind.), will be Dec. 2.

"The problem now," he said, "is to find out what was in the summaries."

Brownell's memo said that, "pursuant to a request of the at-

HOLY LAND GETS 2 PENN TREES

VERUSALEM, Israeli Sector (AP)—A few tiny pine saplings—donated by Pennsylvania Zionists—stand today in one of the most historic sections of the Holy Land—a section which is now the "Penn-Israel Amity Woodland."

Pennsylvania Gov. John S. Fine, attorney general by Mr. Clark M. Clifford, an FBI summary containing secret information on Glasser was given Tom C. Clark and relayed to Clifford on July 25, 1946.

Clark, now a Supreme Court justice, was then attorney general. Clifford was counsel at the time to Truman. It was not brought out why Clark wanted the summary or what was in it.

McCarthy, meanwhile, declined to discuss what tack he will take in his speech from New York city tonight, but an aide said the senator plans to devote at least part of his half-hour to talking about Glasser.

The broadcast is scheduled at 11 p.m., EST.

PREMIER TO DEFEND SELF

TEHRAN, Iran (AP)—Ex-Premier Mohammed Mossadeh said Monday he had changed his mind and would speak in his own defense. He added he would keep on speaking until the court-martial trying him on treason charges gags him. In an interview the ex-dictator declared: "I will go on speaking as long as they let me. If they give me a month, then I will speak a month."

Reminded that he earlier had told the court that he would refuse to speak in his own defense, Mossadeh grinned and declared: "That's only what I said." Asked about reports that he already had prepared a 100-page statement, Mossadeh chuckled and said "Certainly Dr. Mohammed Mossadeh can talk more than 100 pages in a month."

Nixon Addresses 50,000 In Manila

MANILA (AP)—U. S. Vice President Nixon told an audience of 50,000 cheering youth Monday the "young people in Asia are on the march and will decide the future of the world."

In his only public speech on a four-day visit to the Philippines, he said that while the world conflict today is military and economic, the most significant battle "is a battle for the minds, hearts and souls of men."

"Who wins that battle will rule the peoples of the world. In the Philippines you have made your choice on the side of free nations as against slave nations."

Eastern Air Lines Use Special Engine

NEW YORK (AP)—Eastern Air Lines Monday inaugurated the nation's first plane service with turbocompound engines, scheduling two flights from New York to

and William Syk of Philadelphia planted two of the saplings Sunday on a Judean hill slope near the Eashtal settlement, midway between Jerusalem and Tel Aviv.

Charles Weisman of Wilkes-Barre, Pa., a veteran Zionist, also planted one of the young trees in what will some day be a pine forest. The site, according to director general Dr. Walter Eytan of the Israeli Foreign Office, is "where the biblical hero and judge, Samson, was born."

The forest project was set in motion officially two years ago when the Pennsylvania Senate approved the name for the forest.

The first section of the woodland will carry Gov. Fine's name. The governor is to address a Tel Aviv meeting of the Israel-American Friendship League tomorrow. He will tour the country prior to his departure, scheduled for Thursday.

B'NAI B'RITH'S AWARD GOES TO PRESIDENT IKE

WASHINGTON (AP)—President Eisenhower, starting a Thanksgiving holiday today, says no one can "assassinate your character from behind without suffering the penalties an outraged citizenry will impose."

That was the code of the Old West where he grew up and it is a code Americans still cherish, the President declared last night in accepting the B'nai B'rith Anti-Defamation League's annual Democratic Legacy Award.

Last night at the Mayflower Hotel the President received a standing ovation when Henry E. Schultz, chairman of the Anti-Defamation League of B'nai B'rith, a Jewish service organization, handed him the league's silver medallion award.

Schultz praised Eisenhower for "leadership in the great crusade to bring about the elimination of Nazi tyranny . . . for your vigorous campaign to eliminate racial segregation in the armed forces; for your efforts to end undemocratic patterns of racial discrimination in Washington, our capital city."

But most of all, said Schultz, "we honor you for your continuing leadership of the free world."

Miami.

Eddie Rickenbacker, eastern chairman, said in a Washington news conference yesterday that 88-passenger Lockheed Super-C Constellations will make the non-stop flights in 3 1/4 hours.

The Super-C Constellation and the new Douglas DC7s are equipped with the same Wright turbo compound engines—conventional piston engines fitted with turbines and contribute 20 per cent more power without increasing fuel consumption.

Zembo Temple Shriners Take Circus Fund Check To Hospital For Crippled Children In Philadelphia

The antics of the clowns, the tight-wire performers, the trained dogs and ponies and the wild animals at the Shriners' Circus in Harrisburg last spring paid off Monday for the 100 crippled boys and girls in the Shriners' Hospital in Philadelphia.

Potentate John Eshelman of Zembo Temple, Order of the Mystic Shrine of Harrisburg; members of his divan and a busload of Shriners and radio, television and newspaper men and women from the Harrisburg area went to Philadelphia by bus Monday to deliver a substantial check—its exact amount was not announced—to the hospital from the proceeds of last spring's circus.

The money will be used to provide a new lighting system for the wards in the big hospital along Roosevelt Boulevard which annually cares for 400 crippled boys and girls and has helped more than 100,000 in the last 27 years.

Shown Through Hospital

The presentation was made by the Zembo potentate to C. John Birkman, chairman of the board of trustees for the hospital, while Past Potentate A. Earl O'Brien of Zembo Temple, who is circus chairman for the Shriners, looked on.

Then the officials posed for television photographers while O'Brien held a beaming crippled girl in his arms—a happy little girl in spite of the crutch she clutched in one hand and in spite of her crippled, withered right leg. There were more pictures with another smiling dark-haired girl standing with the fezzed Shriners and this youngster could smile brightly too despite the steel braces that are trying to straighten deformed arms and hands.

Then the Shriners and their guests were taken on a tour of the big, stone hospital building, surrounded by lawn and shrubbery in the 17-acre tract that has served crippled children in this area for the last 27 years.

Supported By Charity

The hospital is supported entirely by charity and receives nothing from state, federal or municipal sources. Any crippled children whose parents have not the means to pay for the child's treatment may be admitted there without regard to race, creed or color. The hospital and 16 others like it in this country, Canada, Mexico and Honolulu are supported by the Shriners and auxiliary units.

The inspection party was escorted through the hospital by Miss Theresa Younger, director of the hospital, and Walter Graff, vice chairman of the board.

They saw the facilities with which the hospital cares for the 51 girls and 48 boys there now who range in age from 11 months to 14 years.

Have Rhythm Band

They saw the nursery where the youngest tots are kept, the isolation ward where newly-admitted patients are quarantined for a week or two, the playrooms with TV sets and pianos. In the girls' ward they saw preparations going forward for a Christmas puppet show that likely will include numbers by the hospital rhythm band that makes use of such simple instruments as metal table tops on which some of the more handicapped children tap out the rhythm of band selections.

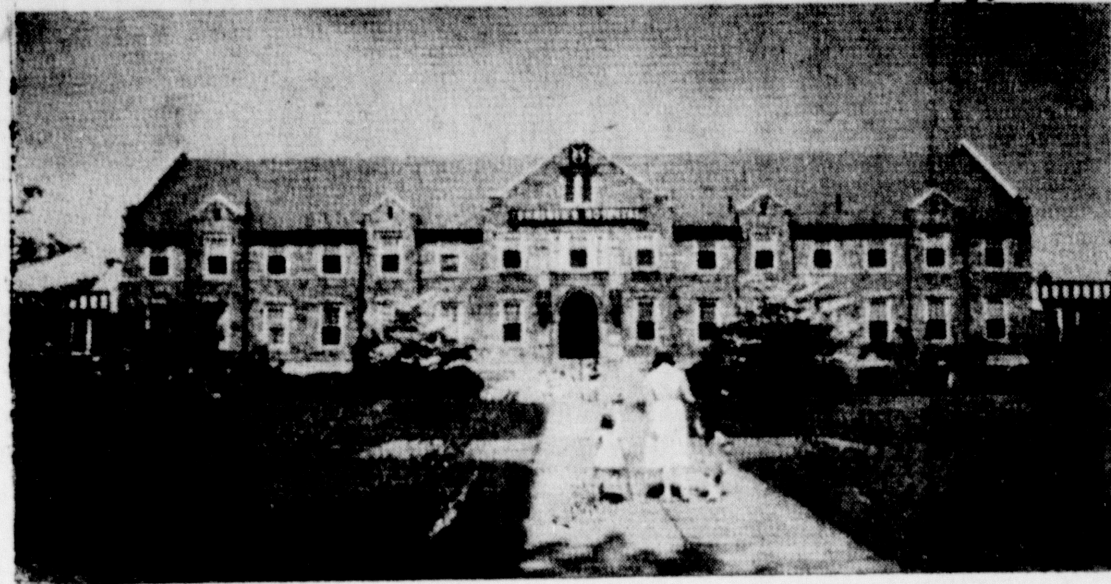

The children—except for a few who had been in surgery that day—were not dressed in hospital gowns but in their own clothes as they played about the wards with an adequate supply of toys for all ages.

Nearby was the tiled and stain-less, modern kitchen and a small dining room where children who are able come to eat. There is a brace-making department in the basement, x-ray rooms and clinic rooms where 4,000 out-patients a year come for examination and treatment. A gymnasium, swimming pool and special treatment rooms were inspected, too.

Chicken Pox Threat

In the boys' ward the Shriners were not admitted but waved to the smiling lads through glass partitions. The third chicken pox case had just been taken out of that ward and Miss Younger and her staff are making every effort to avert an epidemic of chicken pox at Christmas time when Trenton Temple will put on a Christmas party.

Mr. Graff explained that the

WANT TO QUIZ KIDNAPERS ON MISSING MONEY

ST. LOUIS (AP)—St. Louis police officials want to question the doomed kidnap-slayers of little Bobby Greenlease about conflicting reports on the missing \$300,000 ransom money.

Chief of Police Jeremiah O'Connell yesterday asked federal permission to question Carl Austin Hall and Bonnie Brown Heady about statements in Hall's confession which conflict with testimony heard by a police board investigating Hall's arrest.

To Quiz Lieutenant

O'Connell also indicated the St. Louis police board will again question Louis Shoulters, police lieutenant who arrested Hall here Oct. 6 and later resigned during the investigation into reported discrepancies in police handling of the arrest and recovery of half the \$600,000 ransom money.

Shoulters had no comment on whether he would reappear voluntarily.

O'Connell also said Patrolman Elmer Dolan, who accompanied Shoulters when Hall was arrested, and taxi driver John Hager, who tipped Shoulters to Hall's presence here, probably will be recalled by the board.

Hall said in his statement that he had about \$592,000 of the money with him when arrested in St. Louis by Shoulters and Dolan. The two officers have said they found no more than the accounted for \$296,280.

PLANE HITS BRIDGE

GREENVILLE, Miss. (AP)—A jet training plane crashed into the Mississippi River bridge here early today, breaking a natural gas pipeline which exploded and shot a stream of fire at the structure.

The fire was extinguished 30 minutes later.

Fate of the pilot remained unknown.

hospital has an endowment fund of \$4,000,000 which brings in about \$156,000 a year to meet expenses that come to \$250,000 annually. The Shriners, Eastern Star, Daughters of the Nile and many individual donors make up the shortage. This year, he said, \$25,000 has been spent in repairing and modernizing the heating and plumbing systems in the hospital.

Always near capacity, the hospital has a waiting list of 200 to 250 names.

"Mercifully Mindful"

The Shriners, who completed their tour of the hospital before 4 o'clock supper time, started their return trip sobered by the sight of the crippled kiddies they had seen but cheered by the knowledge of what their organization is helping to do for them—and with the promise that the name of their potentate will be added to the illustrious list in the hospital's "golden book" of those who have been "mercifully mindful of little children who have needed help."

The Shriners, who had left Harrisburg Monday morning at 9 o'clock,

lunched at Beck's restaurant in Philadelphia before visiting the hospital, dined at the Brunswick Hotel in Lancaster on the return trip and reached Harrisburg shortly before 10 p.m.

Local men in the group included William Baker, program director for WGET who is a member of Zembo Temple, and Hugh C. McIlhenny, editor of The Gettysburg Times.

Bury Murdered U. S. Girl In Tokyo

TOKYO (AP)—Little Susan Rothschild was buried here today as police ran American soldiers through a lineup in a vain effort to find the man who strangled the 9-year-old girl Saturday.

Scores of soldiers were paraded past two teenage Japanese girls who told of being chased by a "tall man in uniform" near where Susan was slain and thrown in a drainage ditch. The girls made no identification.

Col. and Mrs. Jacquard H. Rothschild of Chicago wept quietly during simple funeral services conducted by two Protestant chaplains.

BARD'S DEATH HITS DEMOCRATS

PHILADELPHIA (AP)—The death yesterday of former Federal Judge Guy K. Bard removed one of the outstanding possibilities for the Democratic gubernatorial nomination next year.

With the party's policy meeting in Harrisburg little more than a month away, there is no clear-cut candidate of sufficient status immediately available.

Richardson Ilworth, Philadelphia district attorney now vacationing in Florida, told the Associated Press before he left Philadelphia, that he was "not actively seeking the nomination in view of the party's defeat in Philadelphia. If the best leaders decide that I am the best candidate then I shall be happy to run but otherwise I shall do nothing to make the race." Dilworth was the party's candidate in 1950.

State party chairman Maurice Splain refused to speculate on possible candidates saying:

"I cannot engage in any speculation on candidates until the policy committee meets early next year to make recommendations on candidates."

Plan Early Reply

On his arrival in New York yesterday, Pearson—a former president of the United Nations' General Assembly—said the reply to the second American request would be made today or tomorrow.

Canada rejected the State Department's first request, saying Gouzenko has no information to add to his previous disclosures. The Chicago Tribune later quoted Gouzenko as saying he would be able to give advice to the congressional probers.

Pearson, in his talk last night, departed from his prepared text to make one direct reference to Gouzenko. He said he was glad to be at a dinner gathering "where no one is going to ask me, I hope, 'Why don't you make Gouzenko available?' or 'When did you cease being a Communist?'"

The controversy was touched upon indirectly in other parts of his address.

Pearson urged tolerance among the democracies, particularly in reconciling different ways of dealing with communism in each country, in a speech last night to the English-Speaking Union of the United States.

His address came with the U.S. State Department awaiting a Canadian reply to its second request that Igor Gouzenko be permitted to appear before U. S. congressional investigators.

Gouzenko is the former Soviet Embassy clerk in Ottawa whose disclosures in 1946 broke a Russian spy ring in Canada.

CANADIAN SAYS FREE NATIONS NEED "FAITH"

NEW YORK (AP)—Lester B. Pearson, Canadian secretary for external affairs, says free nations should accept each other's "assurances of sincerity and good faith" in questions of security and subversion.

Pearson urged tolerance among the democracies, particularly in reconciling different ways of dealing with communism in each country, in a speech last night to the English-Speaking Union of the United States.

Gouzenko is the former Soviet Embassy clerk in Ottawa whose disclosures in 1946 broke a Russian spy ring in Canada.

Pearson, in his talk last night, departed from his prepared text to make one direct reference to Gouzenko. He said he was glad to be at a dinner gathering "where no one is going to ask me, I hope, 'Why don't you make Gouzenko available?' or 'When did you cease being a Communist?'"

The controversy was touched upon indirectly in other parts of his address.

Pearson urged tolerance among the democracies, particularly in reconciling different ways of dealing with communism in each country, in a speech last night to the English-Speaking Union of the United States.

His address came with the U.S. State Department awaiting a Canadian reply to its second request that Igor Gouzenko be permitted to appear before U. S. congressional investigators.

Engineer And Aide Escape From Reds

ATHENS, Greece (AP)—Press reports said today the engineer and assistant of a 26-ton boat succeeded in escaping from Communist Albania by dopping the skipper and two armed guards. The boat arrived on the Greek island of Corfu with a cargo of military supplies and merchandise.

The account said the engineer and his aide put sleep-inducing drugs into the food of the captain and the guards. One of the guards regained consciousness off the Corfu coast but was overpowered. He suffered a pistol wound.

JEBB TO GET POST IN PARIS

LONDON (AP)—Britain's U. N. delegate, Sir Gladwyn Jebb, is going to be Queen Elizabeth's next ambassador in Paris.

The Foreign Office announced today that Jebb next March will succeed Sir Oliver Harvey in the French capital. Sir Pierson Dixon, 49, deputy under secretary of state at the Foreign Office, will replace Jebb at the U. N.

Jebb, now 53, took up his post at the U. N. in the spring of 1950.

Like Jebb, Dixon is a veteran diplomat. He has held embassy posts in Madrid, Ankara and Rome and was ambassador to Czechoslovakia. He served as private secretary to two British foreign ministers—during World War II to Anthony Eden and after the war

to the late Ernest Bevin. With them he attended many of the famed wartime and postwar meetings of foreign ministers and heads of state.

Home Of Queen's Pilot Robbed Twice

LONDON (AP)—The home of Capt. A. C. Lorraine, pilot of the airliner carrying Queen Elizabeth and the Duke of Edinburgh to Bermuda, was broken into twice last night. The first time, thieves escaped with 10,000 pounds (\$23,000) worth of furs and jewelry.

Mrs. Lorraine discovered the loss when she returned from saying goodbye to her husband at London airport. She promptly went to the home of a friend to spend the night. Returning later for her Siamese cat, she found someone had been in the house again.

"Nothing was missing this time," she said.

At Gander, Nfld., Lorraine said before he left he had cautioned his wife to turn on the burglar alarm.

Winning Ballot Is
Cast By Soldier-Son

PINE GROVE, Pa.—The absentee ballot cast by his soldier-son elected Norman Balthaser as tax collector of this Schuylkill County town by a one-vote margin.

The official count of the civilian vote at the Nov. 3 election gave Balthaser, Democrat, and R. G. Hikes, Republican, 350 votes each. Then came a special delivery letter from Pvt. Norman Balthaser Jr. containing the absentee ballot of the Democratic candidate's soldier-son.

The election board found everything in order and recorded the son's vote for his father. Balthaser was the only Democrat elected in the borough.

June Haver Guest At Zanuck Dinner

HOLLYWOOD—A dinner honoring Darryl F. Zanuck provided the occasion for June Haver's first public appearance since she left a Kansas convent.

The Screen Producers Guild presented its Milestone award Sunday night to Zanuck, production head of Twentieth Century-Fox Studios. Miss Haver returned earlier this year from a Catholic convent at Xavier, Kan., saying ill health forced her to give up religious life.

She was attired in a smart evening gown and her hair was again the platinum hue she wore in films. During her stay at the convent she had allowed her hair to return to its natural brown.

She has no present plans to resume her film career, she told a reporter.

BUS DRIVERS ARE ASKED TO DEFER STRIKE

WASHINGTON (AP)—The Federal Mediation Service today asked the AFL bus drivers union for a 10-day postponement of a strike set for midnight tonight on the Pennsylvania Greyhound lines.

The request went from Whitley P. McCoy, mediation director in a telegram to Herbert Syme of Philadelphia, attorney for the union, the Penn executive council of the AFL, Amalgamated Street, Electric Railway and Motor Coach Employees.

"I urge you," McCoy said, "to advise your client to postpone this threatened strike for at least 10 days pending further collective bargaining conferences under the auspices of the federal mediation and conciliation service."

"When I am advised that my request for postponement has been complied with, conferences will be arranged in Philadelphia Wednesday, Dec. 2, 1953. I shall appreciate being advised as early as possible of the action of the union."

Refuses To Strike
The Indianapolis local of the union said early today it would not join in the walkout.

President Wayne Williams of the Indianapolis local said that local's 175 members unanimously opposed the walkout.

The Indianapolis local refused to go along in the strike, Williams said, because of the union's constitution requires a two-thirds vote to

authorize a walkout and the vote rejecting Pennsylvania Greyhound's contract offer was only 52 per cent.

Other locals of Pennsylvania Greyhound employees serving 13 states and the District of Columbia also may balk at the strike call, Williams said he has heard.

Continue Some Service

In Columbus, William Arthur, chairman of the union's Penn executive council, said he had not been advised by Williams of the Indianapolis local's action and therefore had no comment.

The Indianapolis local president said the action by members of his union would assure continued service on lines from Indianapolis to St. Louis, Louisville, Detroit, Chicago and Columbus, Ohio.

S. R. Sundstrom, president of the bus company, said last night after receiving the union's strike notice that Pennsylvania Greyhound had made "our last offer."

The union's contract expired Oct. 31. It covered drivers, maintenance and terminal employees.

FIND WOMAN'S BODY

YARDLEY, Pa., (AP)—Two hunters found the decomposed body of a woman yesterday lying in an open field near the Pennsylvania Canal. Bucks County Coroner William L. Goldfarb said he could not determine the cause of the woman's death until autopsy results were completed. He said the body had been in the field about two or three months.

William H. Moser, 39, of Upper Mayfield Township and Difford Stackhouse, 41, of Edgely, discovered the body.
